Waiting on a miracle  
Since you went away  
Figured it all out again  
Nothing left to say  
Don't tell me you'll be waiting  
It's not like I don't know  
The emptiness is happiness  
Down on Dead Man's Road

Packed my favourite TX suit  
Packed my favourite gun  
Left without my medicine  
Now I'm on the run  
Don't tell me you believe me

You've never been back home  
The emptiness is jettisoned  
Down on Dead Man's Road

Choking on these cigarettes  
Laughing at the moon  
Everything is meaningless  
And nothing comes too soon  
Don't tell me you'll be waiting  
It never takes that long  
Oh emptiness is happiness  
Down on Dead Man's Road
