You think you're hot but you're not
You're just fat!
Cover yourself up, no one wants to see
Your skin is pale and your face is a lie
Everyone hates you and wants you to die!

But I know that it must be hard
Because you are just fat and a retard
Now eat yourself to hide you r body
No one likes the obese and slobby
Eating can not be a hobby
Even for a depressed nobody
Even for a depressed nobody!

No one likes the obese and slobby
Eating can not be a hobby
Even for a depressed nobody!

The stench of death is on your breath
It's because of you they invented anorexia
Blunt force trauma to your face
Would be the best for the human race

The stench of death is on your breath
It's because of you they invented anorexia
Blunt force trauma to your face
Would be the best for the human race

You think you're hot but you're not
You're just fat!
Cover yourself up, no one wants to see
Your skin is pale and your face is a lie
Everyone hates you and wants you to die!
They want you to die!

But I know that it must be hard
Because you are just fat and a retard
Now eat yourself to hide you r body
No one likes the obese and slobby

Even for a depressed nobody
Even for a depressed nobody

No one likes the obese and slobby

Even for a depressed nobody
