Sitting alone and waiting
Waiting for it to arrive
Waiting for it to take control
The snow is falling silent outside
And I can feel it approaching
Surrounding me
And it fills my heart with black!

I want it
Want it all
I need it
Need it all
I am surrendering my soul
And giving you all

You scare me
You will hurt me
But I want you close
I won't struggle or give in for pain
Just cover my eyes and lead me away!

I plead guilty by cutting myself
And giving me away...

We're alone now and I can feel the cold
Reaching for my soul
You want me to follow you
Through that black hole
But we can't be together
In this life
So I am ending mine
For us
Cause I'm possessed
I am possessed!

I am possessed!
