It's time to wake up  
And get my feet back on the ground

But I can feel my heart burning  
And my mind going blank  
I'm turning into a hollow shell  
And I try to block it out

You try to send me to the other side  
But I'm already there

Who do you think you are?  
And what do you want?  
I will rip your insides out  
And take you apart

I am welcoming you and your wrath  
And the pain is piercing my flesh  
Blood fills my mouth  
But I smile

You are weak  
I can see it in your eyes  
You will beg for your soul  
As I take control  
Fight for your life  
I want you to try  
It just takes me to a greater high

Who do you think you are?  
And what do you want?  
I will rip your insides out  
And take you apart

Who do you think you are?  
And what do you want?  
I will rip your insides out  
And take you apart

Now it's over  
I will send you to your grave  
You will fall into nothingness

And forever be our slave

Your swan song cuts through the night  
And leads my soul closer  
Closer to eternal life
