Dear sky,
Dear sky, don't cry for me
(cry for me)
Be the hope I could never reach.
Cold sea,
Please, don't let me sink
(don't let me sink)
Wrap your arms around me, and carry me home.

I stood at the shore and spoke to the ocean,
I stood at the water and let my guts spill.
I said, "You and me, we're not so different.
I see my reflection in all that you do."

We both keep our secrets,
We're both, oh so blue.
My heart is full of darkness,
I know that yours is too.

I sat on the rooftop and screamed at the sky.
I sat on the edge until I knew deep inside,
Like the sky, I will always be empty;
The horizon, my love, forever just out of reach.

We both keep our secrets,
We're both, oh so blue.
My heart is full of darkness,
I know that yours is too.

Distance was born when the sea and the sky grew
apart.
Loneliness was born the day I let you go.

I let you go!

So now I stand at the shore, and speak to the ocean.
I stand in the water and let, let my guts spill.
Let my guts spill.

We both keep our secrets,
We're both, oh so blue.

My heart is full of darkness,
I know, I know that yours is too.

Dear sky,
Dear sky, don't cry for me
(cry for me)
Be the hope I could never reach.
Cold sea, please don't let me sink.
(don't let me sink)
Wrap your arms around me, and carry me home.

Dear sky,
Dear sky!
