Oh

You've gotta fight for your life  
There is nothing to fear but fear itself  
Oh!

The devil dances in idle minds  
Yeah!

Fight for your life [x3]

I won't turn back now  
This will be no slow surrender  
I won't turn back now  
Carpe Diem, straight for the throat

Conflict, the all-consuming pain  
Time lost will never be regained  
Don't waste your breath  
You can't save your strength  
The battle rages in the here and now  
See every second that you waste  
Is time you'll never live again

Fight for your life [x3]  
Fight for your fucking life

There is a price to pay  
Death is a heartbeat away [x2]  
A heart beat away

The devil dances in idle minds  
[Scratching]  
The, the devil, the devil dances in idle, idle, idle  
The devil dances in idle minds

(Fight, fight, fight)  
For your life  
(Fight, fight, fight)  
For your life  
(Fight, fight, fight)

For your life  
(Fight, fight, fight)

I won't turn back now  
This will be no slow surrender  
I won't turn back now  
Carpe Diem, I gotta go straight for the throat

The devil dances idle our minds  
The devil dances idle our minds  
The devil dances  
The devil dances idle our minds  
The devil dances  
The devil dances idle our minds
