Take me to the stars ooh baby
Take me to the stars tonight
My boyfriend's gone out for the weekend
Baby come and turn off the light

Take me to the stars ooh baby
Take me to the stars tonight
Been waiting so long
For your touch because you really
Turn me so right, turn me so right

Take me to the stars ooh baby
Take me to the stars tonight
My boyfriend's gone out for the weekend
Baby come and turn off the light

Take me to the stars ooh baby
Take me to the stars tonight
Been waiting so long
For your touch because you really
Turn me so right, turn me so right

(Here we go now!)

Ohh I'm ready to go
You really turn me on
A gallon galaxy
In the summer sun

Lay around me baby
Until the break of day
Your belly skin to skin motion
Don't take your hands away

Take me to the stars ooh baby
Take me to the stars tonight
My boyfriend's gone out for the weekend
Baby come and turn off the light

Take me to the stars ooh baby
Take me to the stars tonight
Been waiting so long

For your touch because you really
Turn me so right, turn me so right

Take me to the stars ooh baby
Take me to the stars tonight
My boyfriend's gone out for the weekend
Baby come and turn off the light

Take me to the stars ooh baby
Take me to the stars tonight
Been waiting so long
For your touch because you really
