

Asynja "Doomed"

Visit "[Doomed](#)" on MotoLyrics.com

Doomed is the world of man, for they she'd the blood
of their holy kin. Awoke the anger of Gods and then,
turned righteousness into sin. Doomed is the world
they created, for the sacrifice of their Gods. And the
acts that they called scared, an orgie of spiritual
frands.

Human blood shall extinguish all light, for the betrayal
of laws no longer known. The horn of Heimdall will ring
through the night, our lust for revenge has grown.

Through the dark - the shaded earth, Nidhogg flies a
sky of rain. Twilight of the Gods, Doom, rebirth -
Svithiod shall rise again.
