Eileen, who are you - what is it that you do  
Eileen, you've known love when you went up to heaven  
above

I just don't know what I would say  
When the devil starts pulling me all of his tricks

The end of time is there - how much more can we bear  
Lust and hade they reign for the safe earth stays in  
rain

I just don't know what I would say  
When the devil starts pulling me all of his tricks

Lord please give me strength

Lort please give me strength

I know you'll be with me for whatever comes at me  
I know you'll be with me and you'll take me to wherever  
you'll be  
I know you'll be with me for whatever comes at me  
I know you'll be with me and you'll take me to wherever  
you'll be

Don't hide when the light comes around  
Don't hide when the light comes around  
Don't hide when the light comes around  
Don't hide when the light comes around
