Deliver life to me  
In a belly of a honey bee  
Fall in love with solemn nature's  
Beek spells out it's melody

I live honey  
Honey, I want more  
I drink honey  
Honey, I drink it all  
You say I'll tire of honey

Honey I,  
Honey, honey, honey,...

I wont tire at all

Leave me on this silver cross  
Painted by the morning frost  
Pluck that songstress from the sky  
Who's melody tantalize

Place those flowers on my eyes  
So it's perfume weeps into my eyes  
Smother that honey popped  
Upon my mouth and inside my mouth

I live honey  
Honey, I want more  
I drink honey  
Honey, I drink it all  
You say I'll tire of honey

Honey I,  
Honey, honey, honey,...

I wont tire at all  
I wont tire at all

Hold on, look out the Spiders  
Hold on, look out the Spiders  
Hold on, look out the Spiders

Hold on, look out the Spiders

The sharks nearly swallow romance.  
The sharks nearly swallow romance.

Deliver a life to me  
In a belly of a honey bee  
Break of the edge of a rainbows pallet so I can paint my  
memories.

The sharks nearly swallow romance.  
The sharks nearly swallow romance.

Hold on, look out the Spiders  
Hold on, look out the Spiders  
Hold on, look out the Spiders  
Hold on, look out the Spiders
