A new beginning  
Cold breeze bringer of spring  
Blowing dust away  
The old will shine again  
Regeneration, a natural process of living.

Breathing, to reborn into new skin like snake  
Reason, brought back to life, a perpetual movement  
Of truthful wisdom  
Eternal means of communication  
Abstracted creation  
A profound yellow.

Omnipresent in it's form  
The invisible force  
A quest for oxygen  
Fill our lungs with power to carry on.

Untouchable, like thoughts and spirit  
Uncontrollable, like passing your hand through it.

Cyclones to dominate  
A ruler in absolute gravity  
In my absence suffocate  
Tornadoes to destroy stability

Sword of justice  
Natural disaster retaliation  
Catastrophic weapons of conviction  
Hail to the mother's revenge.

Intuitive scream to provoke the wind  
Like a cloud invading  
Essential speech to awake the mind  
Like a ghost haunting.

Like a ghost haunting  
Essential speech to awake the mind  
Like a cloud invading  
Intuitive scream to provoke the wind.

Aerial master of persuasion

Divine king of transparency.

Purify the surrounding  
Consciously filtering the poison  
Purify the body  
Endlessly clearing the vision  
Purify the soul.

Omnipresent in it's form  
The invisible force  
A quest for oxygen  
Fill our lungs with power to carry on.

Untouchable, like thoughts and spirit  
Uncontrollable, like passing your hand through it.
