In a desperate attempt of drunken late nights.
I try to cling on to the youthfulness of this life.
3 months and counting, and I'm still doubting.
If I'm really ready to take on this responsibility.
Well, I guess that we will just have to wait and see.
But one thing is for sure, I can't take any more of this.

'Cause I have no more time to waste.
And I will soon stand face to face
With what might be the biggest challenge of my life.
Never knew that I could be so scared and happy at the
same time.

This confusion is total and sometimes I just want to run
and hide.
But if a minute of doubt adds up to hours, days months
and years,
I would lose a lifetime to my fears.
Don't want to lose a lifetime to my fears.
I refuse to lose a lifetime to fears.

'Cause I have no more time to waste.
And I will soon stand face to face
With what might be the biggest challenge of my life.
Never knew that I could be so scared happy at the
same time.
Laugh and cry at the same time.
