Lack of hope under a burning sun. You have the  
Heart of a lion, but can't get through this one. Forever  
Is a long time to wait for a change. Locked up money  
Making minds will never rearrange. Fuck their wornout  
Welfare lies! You clean the roaches from the beds  
In their tourist paradise. You clean the roaches from  
Their beds but what kills the roaches in their heads?  
Exploitation for generations. No moderation, no  
liberation.

A junkyard for social standards to benefit from.  
Where every household tries to feed their kids - slaving  
For the white and rich. Exploitation for generations. No  
Moderation, no liberation. Exploitation for generations.  
Another nation.
