In every corner I see you.
Who ever said it would be easy?
I carry a picture in my pocket.
Wherever I go I have you with me.
I have to let go, guess anyone can see...

That it's breaking me
To carry this weight in my chest.
I'm kept in a state of unrest.
Ridden with guilt, if I throw this away
Will the memories fade?

No one ever said it would be easy
And there is never a right time.

Always something we wish we'd said,
But somehow it's always too late.
No doubt, we thought it could wait
Just a little longer, just until tomorrow.

If I let go now
Will I remember how it felt
To always have you with me.
Even I'm beginning to see...

Don't mean to let you down
But I have to let go now.
Won't let the memories fade away.
