Eyes they burn from stinging travel
and missing you is hard to handle.

(Chorus)

Stayed away a thousand days and things have
changed like a decade.
Made the most of my days and still im on the wrong
page.
Now im home and feelin more alone.
Its in your tone, so maybe i should go.

Whyd it turn from sweet to bitter?
And now no cure can make it better.

(Chorus)

Speeding faster towards disaster.
This house is cancer, i wont last here.
Years go by and still no answers.
No Answers!!!

Now no cure can make it better

(Chorus)

Speeding faster towards disaster.
Its in your tone, years go by and still no answers!
Still no answers.
