I slowly shoot these words like weapons
And go insane
I watch you drive your stupid car
You go away
You never were one to use caution
And you're gonna pay
You know I'd love to see it happen

I always tried to keep you near me
Without the pain
I love to tie us into knots
We slipped away
I tried to captivate you on that evening
He was leaving
With the girl I'd love to kill

Happy death day to you baby
I know you're flying in the blue now
Be together real soon now baby, don't you worry
Papa's got a brand new body bag for you

Cable cars run through my mind
Reminiscent bay
I think of north on Valentine
I wish you'd stay
You never were one to use caution
It slipped away
I somehow knew this would happen

Happy death day to you baby
I know you're flying in the blue now
Be together real soon now baby, don't you worry
Papa's got a brand new body bag for you
And I got a fresh new kind of attitude

I slowly shoot these words like weapons
And go insane
I watch you drive your stupid car
You go away
You never were, you never were
You know I'd love to see it happen, yea

Happy death day to you baby
I know you're flying in the blue now
Be together real soon now baby, don't you worry
Papa's got a brand new body bag for you

Happy death day to you
I know you're flying in the blue
Be together real soon now baby, don't you worry
Papa's got a brand new body bag for you

Papa's got a brand new body bag for you
Daddy's got a brand new body bag for you
And he ain't ever ever comin' back to you
