We'll take a trip for [Inaudible] around the world  
We'll have a bird's eye view  
Of every single nation  
I could be what you wanted  
And I could be what you needed

We're driftin' apart like people do  
We're driftin' apart 'cause we all do  
And skies seem blue  
Time has two separate hands  
I wonder where we stand

We're driftin' apart like people do  
We're driftin' apart 'cause we all do

I gravitate toward the only girl  
So with the wind we blew  
And now we're on a mission  
I could be what you wanted  
I could be what you needed

We're driftin' apart like people do  
We're driftin' apart 'cause we all do  
And skies seem blue  
Time has two separate hands  
I wonder where we stand

We're driftin' apart like people do  
We're driftin' apart 'cause we all do

Time has two separate hands  
And I wonder where we stand  
We're driftin' apart like people do  
We're driftin' apart like people do  
We're driftin' apart 'cause we all do
