Cable cars run, through my mind
I think I'm north on Valentine
Maybe we drink to old friends
You should go and she's on my mind again
I lost my only enemy

So I reminisce thoughts
Tried be true
Takes me back
When I had to choose

And I don't ever lose
Someone's making me love, and I don't think it's you
Sleep, and I don't ever dream
Someone's got me in line and I don't ever dream

Indecision breaks my vision
And I don't give a damn
Indecision breaks my vision
And I don't give a damn

Reminisce thoughts, tried be true
Then played you out, was not good
Reminisce thoughts, tried be true
Then I played you out like a rubix cube

And I don't ever lose
Someone's making me love and I don't think it's you
Free from all disease now I'm clean
You just punch your hole and it won't seem to bleed

Only, only two of us
Only the two of us

Only, only two of us
Only the two of us

Only, only two of us
Only the two of us

When I had to choose and I don't ever lose
Someone's making me love and I don't think it's you

Free from all disease now I'm clean
You just punch your hole and it won't seem to bleed

Indecision breaks my vision
And I don't give a damn
So I reminisce thoughts, tried be true
Indecision breaks my vision
And I don't give a damn
So I reminisce thoughts, tried be true
