Misanthropy burns within  
Where insanity reigns supreme  
Poisonheaven is cursed to bleed  
Now the world's lost at my feet

The dead world of the damned

You're creeping to the skies  
Concealing all the lies  
Your masquerade in rage  
Incarnates the work from your hate

The monstrosity of your work  
Your work, a seed of hate

Slaughter Gods  
Your pandaemonic claws rip so deep  
Slaughter Gods  
Where apocalyptical generation creep

The monstrosity of your work  
Your work, a seed of hate

Slaughter Gods  
Your pandaemonic claws rip so deep  
Slaughter Gods  
Where apocalyptical angels creep

The dead world of the damned  
My heart will always bleed!
