Making all these waves and I wonder where the days
went

I sit and think of you I hope the feeling's mutual
I'm seeing all you gave and it somehow don't seem
even

Close to what I'd do, to break in two seems natural

These days are great, there's work to do
Would you like to work with me? I'd love to work you
These days are great and so are you
I think it's something positive and negative too

Playing all these games and I wonder who's to blame it
I sit and think it's you, I'm sure the feelings mutual
We're growing colder, its getting older
We should have known it's over

These days are great, there's work to do
Would you like to work with me? I'd love to work you
These days are great and so are you
I think it's something positive and negative too

We'll be a real team
We'll be a real team

These days are great, there's work to do
Would you like to work with me? I'd love to work you
These days are great and so are you
I think it's something positive and negative too

These days are great, there's work to do
Would you like to work with me? I'd love to work you
These days are great and so are you
I told you
