

Parokya Ni Edgar **"Why"**

Visit "[Why](#)" on MotoLyrics.com

search your minds for the questions
of the answers that i seek
close your eyes just imagine
us together walking down the street

do you think this is crazy
i don't know that of which i speak
but i don't care, just as long as you are there
watching, listening, and swaying to the beat..

tell me y, should it matter
tell me y, should i even care
of the things that could go wrong
baby i can't hold for long
for you to know that i'am there
tell me y?.... y?

hear the words that i'm saying
hear them echo in your hearts
for i know at this moment,
i know that i've done my part
done my part

tell me y?
tell me y?
tell me y?
