Convalesce and contact - Come to me, for company
Convuluted contract - Come to me, your company
Conquest and firefight - Come to me, the company
See how we kneel to the Mercy Machine.

See how we kneel,
How our conscience is cleared,
Come - make your deal,
With the Mercy Machine.

Concrete and conceal - Come to me, for company
Unconditional conscience - Come to me, your company
Conscript and conflict - Come to me, the company
Hear how we scream at the Mercy Machine.

See how we kneel,
How our conscience is cleared,
Come - make your deal,
With the Mercy Machine.

Consume and confess - Come to me, for company
Conclusive conduct - Come to me, your company
Control and condemn - Come to me, the company
See how we bleed with the Mercy Machine.

See how we kneel,
How our conscience is cleared,
Come - make your deal,
With the Mercy Machine.

Kneel, kneel, kneel
To the Mercy Machine.
