Get a rope (5x)  
And tie it to a pole

Get a knife (5x)  
And cut it into pieces.

Get a nail (5x)  
And pin it to the ground.

Get a brick (5x)  
And the break the damn thing.

Get a car (5x)  
And the run it to the ground.

Get a bag (5x)  
And sink it in a lake.

We have come to wreck their day  
And make them suffocate  
All that's left to loose for them

Now is that last worn down nerve.

Get a rope (5x)  
And tie it to a pole.

Get a knife (5x)  
And cut it into pieces.

Get a gun (5x)  
And shoot it off it's feet.

Get a brick (5x)  
And break the damn thing.

We have come to wreck their day  
And make them suffocate  
All that's left to loose for them  
Now is that last worn down nerve.
