It doesn't matter where you want to be,  
this open road will take you anywhere,  
that's how you find a place called home  
An empty space, a parking lot, I've  
traveled round just to get to where I am,  
that's why I will always roam  
And that's why I roam

When all the shit comes down, I'm all alone  
to love you like I do  
When the world is closing in and  
everyone around you seems gone,  
I'll be home

Your car's in park, mine's in overdrive,  
I'll stick around long enough to make  
you see just how safe it feels at home  
I'll trade it all in for rolling wheels, and  
set my mind on a place so far away, that's  
why I will always roam
