There is a place that I dream of
With beautiful white sand
sitting in a silver bay.
I see the shimmering water
the shade from the palmtrees -
I could sit and dream all day.
I feel the warms of the sunshine
touching the white shore

Seaguls dancing on the sea.
I see the boats in the distance and out on the horizon

Sailing to my fantasy.
Playa Blanca - Playa Blanca

The special magic feeling floats through the air

I feel the happiness and love everywhere.
Playa Blanca - Playa Blanca

And when I come back to you some day
I'm gonna stay.
There is a place that I dream of
With beautiful white sand
gentle breezes to my hair.
I hear the sound of the water echoing to me.
I can't wait to be back there.
I see a splash in the night sky
a rainbow of colours

Lighting of my fantasy.
And very soon of the feeling
the glow of the evening

That's the place I long to be.
