You're living for today, but your future is looking bleak.
One day it'll
All come crashing down.
Nothing lasts forever. You've only planned for the here
and now.
I said: Nothing lasts forever. Live fast, die young.

Live fast and die young. It's what's ahead, but just
remember:
Slow and steady wins the race, so pick your head up
and keep your mouth
Shut.

You are the captor of originality. You are the thief of
authenticity.
Respect is something that you'll never see. Everything
you write all sounds
The same.
You're forsaken. Forsaken on this mountain. The
bridges have turned to ash.

This is your final hour. This is your great fall.
You won't make it out alive, so say your dearest
goodbyes.

You are Goliath standing firm in your light. We are
David and you're in our
Sights.
You are Goliath standing firm in your light. We are
David and you're in our
Sights.
Your dreams have come true. Have you forgotten the
reason why?

Life, death, dreams, wealth - nothing lasts forever.
Greed, envy, gluttony will amount to nothing. Nothing
lasts forever.

The earth is about to quake. The earth is about to
quake. The earth is
About to quake.

Brace for impact. Run for the hills. Brace for impact. It's
a long way
Home.
Brace for impact. Run for the hills. You'll surely end
here.

Goliath, we're screaming your name. Goliath, we're
coming for you.
