Don't you understand me?  
This cloud over my head is not okay.  
There are things that I need to get done.  
There are things that I need to get done and it doesn't  
give you permission to take a shot below the belt.  
We have so little time, let's not spend it in anger.  
I am in the deep end and can't find air.  
I am throwing punches with a blindfold on.  
Stop riding my tail with your high beams on, because I  
may just brake suddenly.  
I would rather not explode that's your job.  
I'm stuck in between two worlds in a maze of dreams  
and thoughts.  
What a bittersweet symphony life is,  
But I wouldn't have it any other way.
