English Translation:

When the heart yearns for love, when is it coming?
I asked myself, never getting the answer the heart
desires.
I searched for the unknowns to understand.
Years passed never finding the path.
Like losing one's way

Amongst people without knowing,
The heart afraid of being too late.

May be like the breeze that blew pass
Or the floating cloud in the sky.
Whatever it's like, I'll still be waiting to see if one
day love will come knocking...

Like others have told me, one day I'll meet.
Because people are always in search, I'll meet one
day.
But I'm not too certain of those words because I
don't know when.
And if one day he/she comes and goes, will there be
the day that he/she returns?

Could be that the person who will love me
wholeheartedly might have passed by the past minute.
That someone who caught the eyes might in the future
be taking of me forever.
