English Translation:

If I said that this song is made for you, would you believe it?
It's probably not melodious, not affectionate, not beautiful like other songs.
I want you to know that if there's no love, you can't write a love song.
But for you, my dear, do you know? I wrote it easily.

You've probably heard hundreds and thousands of love songs
that's probably impressive
but with a similar meaning altogether, but if you listen to this song,
a song that's written simply for you.
For you to understand the meaning of it, our hearts will then have a connection.

Let it be a song on our pathways that consist only voices of you and me.
Together as long as possible.
As the meaning is told in a poetry that as long as there's love naturally there's hope.
Means whenever your love shines through the heart, I have a goal.

There is a lot of facts found in love,
and in the past I used the time for the sake of finding the meaning.
But soon, I'd just know it, whenever you are near me,
That if life's a rhythm, you are as good as the words that is melodious and touching to the heart.

Let it be a song on our pathways that consist only voices of you and me.
Together as long as possible.
As the meaning is told in a poetry that as long as there's love naturally there's hope.

Means whenever your love shines through the heart, I
have a goal.

There's a pathway for us to walk side by side and
there are voices of you and me.

There's a pathway for us to walk side by side and
there are voices of you and me.
