English Translation:

There may be many good stories.
It becomes a beautiful smile.
There may be tens of thousands of words as the text.
This is a question of love from anybody.
May be true that people are talking.
If I had her body back.
Everything that would be meaningful.
A story better every day.

Incidentally, if it is just fabulous.
The destination is a dream.
I would like to make it a story of love, and having two
lovers at the same time

I have told hundreds of thousands to millions who have
never given to anyone else.
That is because I have to give her one.
Is that I have a lot of merit, which fascinate her.
She heard a sound like one from someone.
The sound she had never heard of. The words I never
spoke again.

If I have time. If she does not trust.
Made every second. As far as I have loved you.
She was so good. Who love me.
