English Translation:

I know that sometimes it's difficult to understand
When people's voices tell you to give it up
But if you listen carefully there is also a soft voice
That is a melody from the heart

Listen! Listen to the swaying leaves!
The rocks sitting there are still talking quietly
Although the sign of light is still out of the heart
Of those first ensemble melodies

Who can tell me which way the wind is blowing?
Who let the song out of their hearts?
Who is that?
Who knows...

The only way to get out is to wake up
While we do this, we'll have her to learn to cast this
one
As soon as his little girl's dream comes to an end,
there will be a road
For us to go down this road together

Nobody knows because none of them has ever came
back before.
Wan, can you open a path leading to this little boy's
dream?
That's it.
Ong, my sword.
Hey, I remember putting it here but I don't know
where it is.
I'll look for it.
Little boy, what path did you take to make it here?

Who can tell me which way the wind is blowing?
Who let the song out of their hearts?
Who is that? Who knows...

Listen! Listen! And sing to the forest!
You'll find that your heart is still strong enough
For you to keep up your courage
Just try to sing from your heart

Don't let anyone bother you
Just try to sing this song and you'll wake up
Just try to sing the song from your own heart

Let's enter his dream!
It's the easiest way to wake her up
It's not far to the end...
