Though season has already changed,
Only last summer is still in my mind
The music on the beach
Reminds me of the longings from my good old days
That makes me long for the day that never returned,
That makes me forgot about the future
I miss you so badly my sunshine,
Â'Cuz good memories don't fade away by tears

Because of you we have wonderful memories in every
season
There were you and me dancing on the floor of
happiness
In the crowd but we felt so free,
The light spotted on just you and me
Suddenly one day, our love was faded away
Our rhyme didn't fit the song we played,
So we just said goodbye. Looking for other new songs
to dance again
Even I think the same old song is not so cool
But we always move along 'cuz it's a song of our time
There are blank melodies to fill the words we find

The music flies over and over
Our love is lost as the time goes by.

There is my yearning in the meaningless song
Just like a letter with no ending words before it's signed

Because I don't know if my love too much or less for
you
If you want to feel that beat again,
Please turn back to the old day
I'm still there and will smile at you, if you smile back we
gonna move together again
Stay with me in the same old song which is not so cool
But we always move along 'cuz it's a song of our time
There're blank melodies to fill the words we find

The music flies over and over
Out love is lost as the time goes by.

That sea shore never changed
That sky never looked old
My love for you is the same with that thing
For now I turn to a stranger for you,
The one who sleeps over the dream that never come
true
