English Translation:

you are tired, you have gone through so many
I know the way you are
darling, you should be tired
this is love
you once said he is good
to change him at this day

you watch him slowly leave you
you see that his eyes have changed
as you see their
you cried
sadness that is not forgotten, but he has forgotten it

If it is not you
do not live with anger
he has the right to leave
you want to shift here
you will find me there
you did not leave me waiting

tell me if you have not forgotten those things
If your love is so disturbed
wait for me to comfort you
you're tired, let the heart relax
If you ready to board the journey
If you are still confused
to find your dream

someone here waiting for you
you can see where its at oh
And you will continue to go down (And you will continue
to go down)
leaving me, but I'll wait for you
is also stronger than the same day

If it is not you
do not live with anger
he has the right to leave
you want to shift here
you will find me there

you did not leave me waiting
When you go looking for others
I will know you have been standing for a long time
do not love him, you know

I feel that I can give you more

More than I can now
I'm sure I can wait for you
love you more than before
