Every day, I miss you more
In the night, you come to me
In the streets, I seek for you
Nothing matters if you are with me.
Darkness is my bride
At your side, comes the rain
Is like a lover, the other half
You are the one, that I need at my side
Just take me far, darkness you are my bride.
I live for you, all the night
You made me strong, don't leave me die
The days are sick, you feel my pain
Just take me in your arms, just take me far.
Darkness you are my bride
Your wings are cold, Your breath is sweet
Your touch is soft, I fell your lips
You are my precious, the reason to live
Don't leave me in the light, I need you at my side.
Darkness you are my bride
If I'm in your arms, I'm fell alive
I hear your voice, it brings me calm

I see your eyes, are like a heaven

If you are not here, I live in pain.

Darkness you are my bride.
