I wanna be your baby doll  
You're so innocent and small  
I won't fight you  
At least not out loud

Crush my spirit in your nails  
I know exactly how this feels  
I won't fight you  
At least not out loud

I wanna call you from the bar  
Ask you where my car keys are  
You'll dismiss me like you should  
Say it's all for my own good  
And I won't fight you  
I won't fight you no

'Cause you're like a ghost to me  
Can't be touched and can't be seen  
So I won't even try

You held words as an excuse  
To try and force me to refuse  
I won't fight you  
At least not out loud

So hold me close and whisper too

All the things you'd like to do  
Hold your hands and say your prayers  
'Cause you think someone will hear  
But there's no answer  
There's no answer

So hold me close and whisper too  
All the things you'd like to do  
Hold your hands and say your prayers  
'Cause you think someone will hear  
But there's no answer  
There's no answer

There's no answer at least not out loud

At least not out loud

Got your questions, got your lines  
And I listened every time  
Got your mouth and mine's in yours  
Put my guns back in the drawer  
'Cause I know better  
I should know better
