Push the button, hard and nice.
But beware, you'll pay a price:
Spank your butt 'til you know what you're not
Butt Spanker is here and will show what he's got.

You take it on, but it's hard - Butt Spanker!
Pleasure is pain, take it in - Butt Spanker!

Hanging out the other day
Time for violence, time for pain
Smack you down, wipe the smile off your face
Butt Spanker is here and will show no grace

Spank your butt 'til you know what you're not
Butt Spanker is here and will show what he's got
Smack you down, wipe the smile off your face
Butt Spanker is here and will show no grace

Let the butt be spanked
Bloodchurn

Forever let the butt be spanked
Forever let the butt be spanked
Forever let the butt be spanked, spanked, spanked,
spanked
