Could we lay here just for now?
We could stop time if we want, but only for a little while
And when you're right, you know you're right
But when you're wrong, you know you're dead wrong

I broke my arms to something new
And everything about this place just keeps reminding
me of you
And when you say I drink too much,
It makes me think, well I don't drink enough

And yeah you, well yeah you're dancing all by yourself
in your room
And yeah you, well yeah you're dancing all by yourself
in your room
Well yeah, you're dancing all by yourself

You took my heart, and took it twice
We watched each other take these pills
That we both thought would help us die
And if you feel like giving up, well don't you dare give
up on me now

And yeah you, well yeah you're dancing all by yourself
in your room
And yeah you, well yeah you're dancing all by yourself
in your room
Well yeah, you're dancing all by yourself

And yeah, what could you possibly say to me now?
And yeah, what could you possibly say?

And yeah you, well yeah you're dancing all by yourself
in your room
And yeah you, well yeah you're dancing all by yourself
in your room
Well yeah, you're dancing all by yourself
