Well I met Sierra at the casino bar,
And she said, "I have travelled on my way too far"
Well hey Sierra, let me pick up your tab,
She said, "I got something to tell you boy, just don't get
mad,
And I hate saying this but it was so much fun,
Oh I killed a woman back in 1991"

Said "I caught that woman in bed with my man,"
"Well hey Sierra, was it self-defence?"
She said "no I always wanted to, from the moment we
met.
I got something else to tell you boy, that I don't regret.
You probably think I'm crazy but please don't freak,
Oh I killed another woman back in 1993"

Well I said "Sierra, what'cha gonna do next?"
She said "I'll dye my hair again, keep hitchhiking west."
"Well hey Sierra, you've made a job of laying low"
She said "I got one more story to tell you, before I go.
Well I was in New Orleans, two men took me for a
whore,
And I killed those men in the summer of 2004."
