Things were perfect once, all I can remember is that I
loved her so much
Never thought things could be different, but it's all
gone now
And I don't think I could ever feel again

Slamming the wheel, I must have looked like a fool
She said, "it's no big deal, I know you'll find someone
else"
Let me tell you something girl, I don't think I could ever
feel
The burning in my soul like I felt with you

I wanna take you to an island and just leave you there
Sunburned, stranded, I'll never look back
Come on girl, you've gotta just let me be
Every time I forget her, she keeps on coming back to
me

She won't stop, no, no, no, she won't stop
She won't stop, no, no, no, she won't

Beer doesn't help, and getting stoned makes things
worse
For you, I felt those blue eyes, oh man
Let me tell you something girl, I don't think in the whole
wide world
I could ever find another better than you

I need to buy a one-way ticket to anywhere
Some place far and I'll never look back
Come on girl, you know you're just killing me
Every time I forget her, she crawls into my memory

And she won't stop, no, no, no, she won't stop
Baby she won't stop, no, no, no, she won't stop

No, no, no, she won't stop, no, no, no, she won't stop
And baby she won't stop, no, no, no she won't stop, she
won't, no
And baby she won't stop, no, no, no, she won't stop

Yeah and she won't stop, no, no, no, she won't stop,
she won't stop
And baby, she won't stop, baby she won't stop, no she
won't
No, no, she won't, no, no, she won't, baby, baby, baby,
she won't stop
