I don't know if things are getting clearer,
They got wipers cleaning toothpaste of the mirrors
I left my cellphone back at home baby,
Look me in the eyes and tell me I'm not going crazy

And oh, oh I wanna show you something,
And oh, oh I wanna know what's coming
Inside the light, behind my face,
Everyone's got theories but we're all praying just in
case

And I don't want you to take my word,
I want you to come see it for yourself
I'm becoming a believer, now take me to your leader

I don't know if things are getting harder,
Or could it be, is America smarter?
I'd clone myself if I had the money, baby
Look my in the eyes and tell me, "you're not going
crazy,"

And oh, oh I wanna show you something,
And oh, oh I wanna know what's coming,
Inside the light, behind my face,
Everyone's got theories but we're planning our getaway

And I don't want you to take my word,
I want you to come see it for yourself
I'm becoming a believe, now take me to your leader

And I don't want you to take my word,
I want you to come see it for yourself,
I'm becoming a believer, now take me to your leader

Take me to your leader, now take me to your leader
Take me to your leader
