My grid take keep me skating on reality  
For pete's sake, you haters look like you in agony  
But fuck it, y'all can shove it cause  
I've been kicked, pushed and... burn batteries  
Too much for your mental capacity  
But I will never dark slide, over to the dark side  
I'm spitting fire on the stereo  
Now girls wanna kick it cause I flip it and I twist it  
Like a very...  
I'm in it more than 50-50, you looking shifty  
I put a big spin on the game it's tricky  
Upon... on they laws, oh my gosh  
Fans put they hands up in the air, I grab it like andi

And I'm living, cause I'm only given one time  
So I 180 on a bad day, front side  
There's no 5 o, ok, well let's take a break from grinding  
So I think it's time to blunt slide  
Let's take a break from grinding  
So I think it's time to blunt slide  
Think it's time to blunt slide, think it's time to blunt slide  
... drop and take off  
I wanna take a break from grinding so I think it's time to  
blunt slide  
I wanna take a break from grinding so I think it's time to  
blunt slide  
... drop and take off...

Gray socks and... green leafs and sour diesel  
Not them other... motherfucking here...  
I catch them and then I lay them on the side no primo  
Shit ain't all sunny, rob with denero...  
My plan b is just good just as...  
When you add another zero draws open like the...  
Shawty pop them with the nose down and the tail out  
No doubt, you know we grinding over here

So you better land it don't bail out

And I'm living, cause I'm only given one time  
So I 180 on a bad day, front side  
There's no 5 o, ok, well let's take a break from grinding

So I think it's time to blunt slide  
Let's take a break from grinding  
So I think it's time to blunt slide  
Think it's time to blunt slide, think it's time to blunt slide  
... drop and take off  
I wanna take a break from grinding so I think it's time to  
blunt slide  
I wanna take a break from grinding so I think it's time to  
blunt slide  
... drop and take off...

Now you can tell I'm in my element, money without a  
settlement  
Relevant and intelligent, medaling just for the hello of  
it  
... and I'm spitting straight jacket  
... cause if you don't ever take off  
You won't ever land  
And I'm roaming with crooks...  
All my manuals, yeh my talent's so balanced  
So sit back and watch me pop a willy

And I'm living, cause I'm only given one time  
So I 180 on a bad day, front side  
There's no 5 o, ok, well let's take a break from grinding  
So I think it's time to blunt slide  
Let's take a break from grinding  
So I think it's time to blunt slide  
Think it's time to blunt slide, think it's time to blunt slide  
... drop and take off  
I wanna take a break from grinding so I think it's time to  
blunt slide  
I wanna take a break from grinding so I think it's time to  
blunt slide  
... drop and take off...
