You can play any game you wanna play, don't play with
my affection
You can say anything you wanna say, so talk in my
direction
Don't tell me "I want to", don't lead me on
'Cause when we dance, see our bodies synchronise,
moving close together
Pretty words, pouring from those pretty lips
Tasting sweet, and telling me surrender
Don't touch me so tender, don't lead me on
You're givin' me some of my own medicine, won't ya do
it again
My kinda needs are strictly physical, won't ya do it
again
'Cause I can't wait till when we do it again
Tellin' me, ya gonna do everything, even things I can't
believe
There's a plan, written in the prophecy, spellin' out our
destiny
Don't touch me so tender, don't lead me on
You're givin' me some of my own medicine, won't ya do
it again
My kinda needs are strictly physical, won't ya do it
again
Ya givin' me, givin' me some of my own medicine, and
I like it
You're a one night miracle, I'm an animal man
I can't wait till when we do it again
Smoke is rising in the air
You're givin' me some of my own medicine, won't ya do
it again
My kinda needs are strictly physical, won't ya do it
again
Ya givin' me, givin' me some of my own medicine, and
I like it
You're a one night miracle, I'm an animal man
Do it again, won't ya do it again, won't ya do it again,
do it again
Workin' all night, sleepin' all day, for all that money I'm
never gonna spend
Keep it up straight, never let it bend, come on honey,
do it again

Do it again, won't ya do it again
Do it again, whoa-oh do it again, and I like it
