Under your protective wing I walked into the night  
And a thousand angry demons, up and took flight  
I went running through the fields, with the fever in my  
veins  
And the rain came crashing down and tried to clean my  
name

Above my head, all in red, I could see you, bearing  
down on me

You said you're not running out, said you're not leaving  
now  
Forever, mine forever

Don't leave your mark on me, no need to reply  
I'm not stayin', I'm just killing time  
Don't leave your mark on me, no need to reply  
I'm not stayin' no, I'm not stayin' no

Mistress of the darkness, accomplice of the night  
Shadow in the doorway, beckons me inside  
And something led the way, though I couldn't see its  
face  
But a voice from deep inside me screamed to get out  
of this place

In my head blood ran red, as the jailer turned the key  
on me

He said you're not running out, said you're not leaving  
now  
I will find you, there is no way, there is no way, no way,  
yeah

Don't leave your mark on me, no need to reply  
I'm not stayin', I'm just killing time  
Don't leave your mark on me, no need to reply  
I'm not stayin', I'm losing my mind  
Don't leave your mark on me, no need to reply  
I'm not staying no, I'm not staying no no

Just as the shadows fall, I hear the screaming silence  
call  
This madness never ends, memories of absent friends

Don't leave your mark on me

Don't leave your mark on me, no need to reply  
I'm not stayin', I'm just killing time

Don't leave your mark on me, no need to reply  
I'm not stayin', I'm losing my mind  
Don't leave your mark on me, no need to reply  
I'm not staying no, I'm not staying no no  
(repeats out)
