Midnight, I'm waiting for love to show, this time I won't
let love go
She's late, I'm waiting, last train to town, this time I
can't let love down

All my life, so much wasted time, reaching out, gonna
take what's mine

Chorus:

This time is gonna be the last time, 'cos this time we
know it's gonna last
Single bars and one night stands, leave 'em buried in
the past
'Cause this time is gonna be the best

Daylight, she's sleeping, her hand in mine, this time
this girl is mine
Last night, ooh that feeling, new lovers entwined, I
know her love is mine

I was blind, you were standing there, all this time, so
much we can share

(chorus) - yeah listen baby

(Solo)

This time it's for real, the feeling is right this time
This time it's for sure, no way we can lose this time,
now you're mine

This time is gonna be the last time, 'cos this time we're
gonna make it last
Single bars and one night stands, just keep 'em buried
in the past
This time I promise you the best, so listen honey

This time, oh, it's gonna be the best
This time, it's gonna be forever
This time, and it's gonna last, this time
This time...
