"Subzero Fun"

Visit "[Subzero Fun](#)" on MotoLyrics.com

You're my preferred route down
Cocoon similac frown
Forget what you lack
They still want you back

If you recognize me
Please just pass on by
Now it's everyday
They're all in your way
Except for this one

You've got a rubber soul
You've got the rubber sight
Before it gets too medical
Just get yourself together
For some subzero fun

You're my best eraser
Days can go much faster
You won't cross yourself
When you're someone else
So watch your head now
Watch your head

You've got a rubber soul
You've got the rubber sight
Before it gets too medical
Just get yourself together
For some subzero

You've got a rubber soul
You've got the rubber sight
It's so environmental
Ice caps melt for you, babe
In this subzero fun
