I lived twice after my suicide,  
Is it future or the past,  
I couldn't decide  
I was lost in cage trying to fall asleep  
Maybe I'm still dreaming and I will try kill myself,  
I don't know what is real  
I can feel the pain but my mind don't trust me  
Because everything is imaginary  
So I am sitting on the floor and I'm bleeding to death  
Nobody missed me because it never happened  
I am still waiting for something  
For nothing
