Well too much
Is not enough
It's how you live
It's how you feel

WHAT SAY YOU
What say you
It's in your eyes

These white lies
These white lies
In your sight
Show them you mean it

These white lies
These white lies
In your eyes
Have already fallen tonight

Say it to their face
And see them fall from grace
It's hurts or heals us all
So watch them fall
So watch them fall

These white lies
These white lies
In your sight
Show them you mean it

These white lies
These white lies
In your eyes
Have already fallen tonight

I can't believe
That it's gone this far
You live a lie
When it's really a war
These lies go on
And no one asks why
It's hard to tell

How you'll make it alive

You don't want to make it
So don't ask why
You don't want to fake it
So don't even try

THESE. WHITE. LIES.
