For the last time  
She's walkin' down  
The little dusty road  
And she's greeting the people  
(Who) live for yesterday  
And she knows  
They are talkin' 'bout her  
News came from abroad

She believes in words from far away -  
Read today  
(Ooh) she's bound for U.S.A. -  
No, she won't stay

Letter from America  
Way from Arkansas  
And she knows  
This love can't wait  
Letter from America  
And no road's too far  
And she knows  
This man's her fate  
Letter from America  
Letter from America

When she closes  
Her eyes she's flyin'  
High up to the sky  
Little visions of childhood  
Tales of yesterday  
But she's feelin'  
Her time has come now  
She will leave tonight

She believes in words from far away -  
Read today  
Ooh, she is bound for U.S.A. -  
No, she won't stay

Letter from America  
Way from Arkansas  
And she knows

This love can't wait  
Letter from America  
And no road's too far  
And she knows  
This man's her fate  
Letter from America  
Letter from America  
Baby, when tomorrow comes  
Baby, when tomorrow comes  
Baby, when tomorrow comes  
I'll be with you

At dawn the silhouette  
Of a big foreign city is  
Growin' out of the misty  
Atmosphere of a new  
Morning and she knows:  
Those lonely nights are over  
Those lonely nights are over

Letter from America  
Letter from America
