Iâ€™m still in Love with you
But time won't let me through
Why did you go away?
It keeps me wondering

You're still the same for me
But years they have come between us
How it is in your world?
It keeps me wondering

My cherie Iâ€™m on my way now
My cherie Iâ€™m on my way forever
My cherie where are you hiding
My cherie is this the way forever

You didn't say a word
The day when you left this world
Is this the way it is
It keeps me wondering

My cherie Iâ€™m on my way now
My cherie Iâ€™m on my way forever

The autumn came today
The summer was yesterday
New season has been born
It keeps me wondering

My cherie Iâ€™m on my way now
My cherie Iâ€™m on my way forever
