- "We want coffee!" [x4]
- "You're making me angry. I'm having bad thoughts."
- "I can't control him."

Coffee is good.
No coffee is bad.
Havin' coffee is good.
And havin' no coffee is bad.

I'm drinkin' coffee
Every day of the week
If I don't get some coffee right now
I'm a gonna freak. Here I go now.

[Clucking noises, "we want coffee!", etc.]

Coffee is good. (Coffee is good)
No coffee is bad. (No coffee is bad)
A Coffee is a good good good now.
No coffee is bad bad bad.

"That coffee looks good (oh, it is)
